Opening Day Carnival... a huge success!

We had 24 booths, of food and games, raffles, and Radio Disney. The food was great, the games and prizes were a hit, making it a really fun day.

Thank you to all the teams who donated raffle prizes

our apologies

This year we went with a different company than the one we used last year. The problems have been many, but we have handled them with little inconvenience to the masses. *Until delivery day.*

AAAAAAAAAAGH! I think that summarizes it nicely.

We, the board, promise to never use that company again. We can't tell you how sorry we are about their complete disorganization and disrespect for their customer, us. We also hope that you can find it in your hearts to forgive us, and continue to participate in future fundraising.

Board Member Bio...Parker Pace Referee Administrator

Parker has been a referee with AYSO for almost 18 years and a board member since 1990. As Referee Administrator, his job is to prepare our referee staff for a safe, fair, and fun soccer season. All referees are required to take training and certification classes.

Parker spends 15 to 20 hours a week taking care of many behind the scenes responsibilities. Including reading game cards, uniform inventory, contact with national and gathering information, just to name a few. He also referees games on Saturday, Monday and Wednesday every week. His duties continue through Spring Select and the Play-off season.

Parker is an all around dedicated referee. He is also a member of the British referee association, Corfahm, in central England. Parker likes to stay current on information on the general state of refereeing, get ref tips, learn about crowd control and ascension on the field. He says, "They have the same issues that we have."

When asked if he would recommend refereeing to others, he answered, "Oh certainly. The hardest thing is to convince them that they can do it with little effort. You do have to be able to keep up with the kids, and you get to see the game from the middle of the field."

As with everyone in AYSO, Parker and his staff of referees are all volunteers. Thank you to all of you, for all you do!

RED CURBS

Please be aware of where you are parking and do not park in red curb zones or near fire hydrants. We must keep these areas clear for emergency vehicles.
